Moksh CAD
global smartsourcing services

FMA
Fabricators and Manufacturers Association
MEMBER

Your Offshore CAD/CNC Partner for Metal Fabrication Excellence

Proud Vendor Partner of FMA

Why Fabricators Choose MokshCAD

MokshCAD is a trusted vendor partner of the Fabricators & Manufacturers Association (FMA), delivering specialized CAD/CAM and CNC programming services for the metal fabrication industry. With a global team of 450+ skilled professionals across 9 countries, we help U.S. fabricators tackle rising labor costs, skilled workforce shortages, and tight delivery schedules through smart offshore resourcing.

Our expertise includes precision CAD drafting, 3D modeling, sheet metal unfolding, CNC programming, product development, and estimation—all designed to boost efficiency, cut costs, and speed up production. You pay only for actual hours worked, with no hidden charges. Every client gets a dedicated account manager, ISO-compliant processes for data security, and rapid turnaround times to keep your shop floor competitive.

We're your strategic partner for digital transformation, automation readiness, and Industry 4.0 integration—helping you fabricate smarter, faster, and more profitably.

Our Specialized Services for FMA Members

- **CNC Programming**
- **CAD Drafting & 3D Modeling**
- **Product Development & Design Engineering**
- **Estimation & Costing Support**
- **Reverse Engineering & Digital Documentation**

The MokshCAD Advantage

450+ Skilled Resources in 9 Countries – Global talent, local quality standards

Pay Only for Actual Hours – No extra charges or hidden costs

Dedicated Account Manager – Single point of contact for seamless coordination

Rapid Turnaround – Same-day quotes, 24–48 hour delivery for most jobs

Secure & Confidential – NDA-protected

Benefits for Fabricators

Reduce Costs – Eliminate overhead and recruitment hassles

Scale Operations – Ramp up instantly for peak demand

Focus on Core Manufacturing – We handle back-office design and programming

Stay Competitive – Leverage automation-ready workflows and Industry 4.0

Partner with Moksh CAD Today

As an FMA vendor partner, we deliver solutions to keep your shop floor productive and profitable—whether for precision drafting, CNC programming, or full design support.

MokshCAD – Offshore Smartsourcing for Metal Fabrication Success!
